Manufacturer's name: iSquared software inc.  
Manufacturer's address: 131 Jacques Menard, CP-481  
Boucherville, QC, J4B-6Y2, CANADA

Product identification:

Product name: iMod6 DIN-Rail mount programmable I/O module  
Model number: iMod6  
Product options: This declaration covers all options of the above product(s)

Normative references:

Conducted Emission: FCC CFR Title 47 Part 15 Subpart B : 2014, Class B, ANSI C63.4: 2009  
Radiated Emission: FCC CFR Title 47 Part 15 Subpart B : 2014, Class B, ANSI C63.4: 2009

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
